MAIN FEATURES

- Slow dissolving product, retarding the release of ingredients
- 100% plant-based; free of animal origin
- Meet the increasing clean-label demands of health-conscious consumers, as well as the specific dietary needs of vegetarians and vegans
- Coating-free capsule; there is no need to add chemicals, solvents or other external protection to enable its delayed-release capability
- Constant solubility in liquids over a broad range of temperatures, so products can be taken with either warm or cold drinks
- Band-sealing suitable for liquid fills to prevent against leakage and provide tamper evidence
- Nutra[®]V Slow capsules are suitable for organic applications and can be used with organic ingredients*
- 3-year shelf life
- Diversity of size, color and printing options for differentiation in final product dressing
